

HP Mini 210: A New Burst of Color And Performance

Overview

Designed for all-day computing, the ultra-compact HP Mini 210 now comes in four trendy colors and enhanced features for information “snacking” while on the go.

Benefits and Features

At less than 1-inch thin⁽¹⁾ and with a starting weight of 1.26-kilos⁽²⁾, the tiny size of the HP Mini 210 is not its biggest surprise.

- Parade your personality: Available for the first time in four new eye-catching colors, including Crimson Red, Luminous Rose, Ocean Drive and Charcoal, to suit any personality.
- Stay productive for longer: For the first time, HP Mini 210 users can enjoy up to 10.75⁽³⁾ hours of battery life with a standard 6-cell battery, and do more with a 93 percent full-sized island style keyboard and optional 10.1-inch diagonal HP HD BrightView Infinity LED Display. You can also update your files over the air and sync them with your main PC when you get home with HP QuickSync⁽⁴⁾, and access your music, photos and documents from the cloud without having to store it on a local drive with HP Cloud Drive.
- Connectivity while on the go: Hop onto Facebook, YouTube, Twitter and more within seconds – even when your notebook is shut down – with HP QuickWeb and optional WWAN⁽⁵⁾. The HP Navigator is also available on units that have been configured with the optional GPS function⁽⁶⁾.
- Enhanced performance: Stay powered with the latest Intel[®] Atom[™] Processor options, Intel[®] Graphics Media Accelerator 3150, and optional and configurable Broadcom[®] Crystal HD Enhanced Video Accelerator.

Pricing and Availability⁽⁸⁾

The HP Mini 210 is available now with a starting price of 12,990 Baht (exclusive of VAT).

available at www.hp.com.

- (1) When measured at its thinnest point.
- (2) Starting weight includes a 6-cell battery. Weight varies by configuration.
- (3) Battery life will vary depending on the product model, configuration, loaded applications, features, use, wireless functionality (including the wireless functionality) and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See MobileMark07 battery benchmark www.bapco.com/products/mobilemark2007 for additional details.
- (4) Requires Microsoft Windows.
- (5) HP QuickWeb is accessible when the notebook is off in Windows® XP, Windows Vista® or Windows® 7-based systems; not supported from hibernation. Internet access required. Timing may vary depending on the system configuration. To enable the feature following the removal of the battery, reboot the notebook prior to subsequent use.
- (6) GPS access requires an unobstructed path to multiple satellites. Performance may be affected if/when used inside of buildings, bridges or heavily congested metropolitan areas.
- (7) Estimated Asia Pacific street prices. Actual prices may vary.
